

# Stoney Moo Rolling-PAPER

4444 Exclusive Digital Collectible NFTs  
deployed on the Ethereum Blockchain better  
place!

## **A little bit about us:**

Welcome to the Stoney Moo Crew! This is a Collection of 4444 Unique, Pencil-Drawn images created with a focus of putting money into the hands of good people! We are determined to create a community full of genuine people where ideas can foster into plans and successes. This project would not have been made possible if it weren't for all of the brilliant minds in this community and their love for sharing their knowledge, so thank you everyone. As a result, we plan to use the community wallet to measure the value of the \$Stoney Coin in order to incentivize a linear upward trend in floor price.

## **How it works:**
